

SARC Information

By February 1 of each year, every school in California is required by state law to publish a School Accountability Report Card (SARC). The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control and Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements and access to prior year reports, see the California Department of Education (CDE) SARC web page at <https://www.cde.ca.gov/ta/ac/sa/>.
- For more information about the LCFF or the LCAP, see the CDE LCFF web page at <https://www.cde.ca.gov/fg/aa/lc/>.
- For additional information about the school, parents/guardians and community members should contact the school principal or the district office.

DataQuest

DataQuest is an online data tool located on the CDE DataQuest web page at <https://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district and the county. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners).

California School Dashboard

The California School Dashboard (Dashboard) <https://www.caschooldashboard.org/> reflects California's new accountability and continuous improvement system and provides information about how LEAs and schools are meeting the needs of California's diverse student population. The Dashboard contains reports that display the performance of LEAs, schools, and student groups on a set of state and local measures to assist in identifying strengths, challenges, and areas in need of improvement.

Internet Access

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served

basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

School Mission Statement School Year 2022-2023

Assurance Learning Academy's mission is to provide students seeking an alternative school setting with a personalized approach to learning that empowers them to take responsibility for their education and to graduate with the skills they need to become responsible citizens and lifelong learners.

To carry out this mission, Assurance Learning Academy strives to equip the surrounding area students with the educational skills necessary in the 21st century - the ability to read, write, speak, and calculate with clarity and precision and the ability to participate intelligently and responsibly in a global society. Assurance Learning Academy offers alternative choices through site-based learning, independent study, and distance learning to enable students to acquire the knowledge necessary to make a difference in their lives.

Assurance Learning Academy provides a diverse, student-centered environment in which all students are held to high academic and behavioral standards. Students work in collaborative relationships, both within and outside the school, and perform service to the community. Through a personalized learning approach to education, Assurance Learning Academy strives to develop students who are competent, self-motivated, life-long learners. To accomplish this, the school emphasizes increased parental involvement, more one-on-one teacher and student interaction, the social emotional needs of the student, student-driven participation in developing the learning process, technology access, varied learning environments, teacher and parent development programs, and choices in curriculum programs.

Assurance Learning Academy places a strong emphasis on parental involvement within the learning process. Parents are viewed as an essential link in improving education; therefore, parents are encouraged to take part in their children's education through frequent communication with the teachers, participation in school related functions, and attendance in school sponsored parent development workshops. By providing a vehicle for meaningful parental involvement, the school strives to bridge the gap between school and home. It is the hope of Assurance Learning Academy that students will observe first-hand their parents and teachers working together to make a difference in their education and future.

School Description and Profile

School Year 2022-2023

Assurance Learning Academy is a public charter school that offers a personalized educational program for high school students and families who prefer using an Independent Study model to meet academic needs. Typical students are those who want an alternative to the local, public school systems. Most students come to Assurance Learning Academy because they were unsuccessful in the traditional high school setting, or they needed a more personalized approach to education. Other students need the flexibility of an independent study model to meet family obligations such as work or caring for a child. Regardless of the reason, Assurance Learning Academy offers a uniquely structured academic program, rigorously guided by the California Subject Area Content Standards that provides a challenging, yet highly individualized, education for students.

A. CONDITIONS OF LEARNING

State Priority: Basic

- The SARC provides the following information relevant to the State priority: Basic (Priority 1):
- Degree to which teachers are appropriately assigned and fully credentialed in the subject area and for the pupils they are teaching;
 - Pupils have access to standards-aligned instructional materials; and
 - School facilities are maintained in good repair

Teacher Assignment

Assurance Learning Academy recruits and employs qualified credentialed teachers who meet all credential requirements in accordance with State of California guidelines. This chart displays information about teacher credentials at the school. Due to our program providing students access to a fully credentialed teacher along with daily access to other fully credentialed subject matter/credentialed experts, our Out-of-Field percentage is elevated due to our unique independent study model. An Out-of-Field is not a misassignment.

Note: As an independent charter school, the school's program, resources, and administration are run independently from the sponsoring district, so there is no district data to report for comparison in this section.

Note: The data in this table is based on Full Time Equivalent (FTE) status. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time. Additionally, an assignment is defined as a position that an educator is assigned based on setting, subject, and grade level. An authorization is defined as the services that an educator is authorized to provide to students.

Teacher Misassignments & Vacancies

Misassignments refers to the number of positions filled by teachers who lack legal authorization to teach that grade level, subject area, student group, etc. Teacher vacancies reflect the number of positions to which a single designated certificated employee has not been assigned at the beginning of the year for an entire semester or year.

Textbooks & Instructional Materials School Year 2022-2023

Assurance Learning Academy determined that each student has sufficient and good quality textbooks, instructional materials, or science lab equipment pursuant to the settlement of Williams vs. the State of California.

All students, including English Learners, are given their own individual standards-aligned textbooks or instructional materials, or both, in core subjects, health, foreign languages, and visual and performing arts for use in the classroom and to take home.

The table displays information collected in November 2022 about the quality, currency, and availability of the standards-aligned textbooks and other instructional materials used at the school.

B. PUPIL OUTCOMES

State Priority: Pupil Achievement

The SARC provides the following information relevant to the State priority: Pupil Achievement (Priority 4):

- Statewide assessments** (i.e., California Assessment of Student Performance and Progress [CAASPP] System includes the Smarter Balanced Summative Assessments for students in the general education population and the California Alternate Assessments [CAAs] for English language arts/literacy [ELA] and mathematics given in grades three through eight and grade eleven. Only eligible students may participate in the administration of the CAAs. CAAs items are aligned with alternate achievement standards, which are linked with the Common Core State Standards [CCSS] for students with the most significant cognitive disabilities).

The CAASPP System encompasses the following assessments and student participation requirements:

- Smarter Balanced Summative Assessments and CAAs for ELA** in grades three through eight and grade eleven.
 - Smarter Balanced Summative Assessments and CAAs for mathematics** in grades three through eight and grade eleven.
 - California Science Test (CAST) and CAAs for Science** in grades five, eight, and once in high school (i.e., grade ten, eleven, or twelve).
- College and Career Ready:** The percentage of students who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

Note: As an independent charter school, the school’s program, resources, and administration are run independently from the sponsoring district, so there is no district data to report for comparison in this section

Mathematics (Grades 3-8 and 11)	N/A	3.73%	N/A	33.38%

Note: Where it was the most viable option, in 2020–21, LEAs were required to administer the statewide summative assessment in ELA and mathematics and where a statewide summative assessment was not the most viable option for the LEA, LEAs were permitted to report results from a different assessment that meets the criteria established by the California State Board of Education on March 16, 2021. The 2020–21 data cells for the school, district, state have N/A values because these data are not comparable to 2021–22 data.

Note: Percentages are not calculated when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

Note: ELA and mathematics test results include the Smarter Balanced Summative Assessment and the CAA. The “Percent Met or Exceeded” is calculated by taking the total number of students who met or exceeded the standard on the Smarter Balanced Summative Assessment plus the total number of students who met the standard (i.e., achieved Level 3–Alternate) on the CAAs divided by the total number of students who participated in both assessments.

Career Technical Education (CTE) Programs School Year 2021-2022

Assurance Learning Academy continues to develop its Career Technical Education (CTE) program. The school recognizes the need to integrate core academic knowledge with technical skills as needed for today's modern workforce, and the school is committed to bringing students greater opportunities in developing these skills through their continued efforts in developing relationships with local businesses and community colleges.

The school offers several professional skills and CTE courses that include Patient Care, Child Development, Culinary Arts, and Web Design, Information Technology, Media Arts, Veterinarian Science, Agriculture Food Science.

This table displays information about participation in the school's Career Technical Education (CTE) programs.

Students are encouraged to take University of California/ California State University (UC/CSU) preparatory courses if they plan to attend a four-year university. All students must pass each course with a grade no lower than a 'C'.

State Priority: Other Pupil Outcomes

The SARC provides the following information relevant to the State priority: Other Pupil Outcomes (Priority 8):

- Pupil outcomes in the subject area of physical education

Physical Fitness

In the spring of each year, all California schools are required by the state to administer a physical fitness test to students in the fifth, seventh, and ninth grades. The physical fitness test is a standardized evaluation that measures each student's ability to perform fitness tasks in five major areas. Students who meet or exceed the standards in all six fitness areas are considered physically fit or in the "Healthy Fitness Zone" (HFZ).

Note: Due to changes to the 2021-2022 PFT administration, only participation results are required for these five fitness areas.

Note: Percentages are not calculated and asterisks (*) appear in the table when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

C. ENGAGEMENT

State Priority: Parental Involvement

The SARC provides the following information relevant to the State priority: Parental Involvement (Priority 3):

- Efforts the school district makes to seek parent input in making decisions regarding the school district and at each school site

Opportunities for Parental Involvement School Year 2022-2023

Assurance Learning Academy encourages parental involvement throughout the school year. Our Parent Advisory Committee and English Learner Advisory Committee meets quarterly throughout the school year. The Parent Advisory Committee provides advice in planning, developing, implementing, and evaluating our school program. Parents and educational partners are encouraged to participate in the development of the Local Control and Accountability Plan, and they are asked to provide input on the progress of the LCAP throughout the year. Parents are notified by automated phone calls and web-based communications from teachers and administrators. Parents may contact the school office at (661) 272-1225 if interested in attending. Parent Conferences and Open House events are also held during the school year to facilitate communication between parents, teachers, students, and community partners. Parents are encouraged to call and meet with their child's teacher as needed to support academic progress towards graduation.

State Priority: Pupil Engagement

The SARC provides the following information relevant to the State priority: Pupil Engagement (Priority 5):

- High school dropout rates;
- High school graduation rates; and
- Chronic Absenteeism.

Dropout & Graduation Rates

Acknowledging that most students enrolling in Assurance Learning Academy are "at risk" of dropping out, we begin interventions from the point of enrollment. Upon enrollment, the students take the NWEA Reading and Math MAP assessments to determine appropriate course placement in conjunction with a full transcript analysis, student narrative essay, and academic advisement from the registrar, counselor, and teacher. The first two courses a student enrolls in are Professional Skills and Digital Skills. Professional Skills provides foundational college and career readiness skills as well as career exploration. Digital Skills ensures students master the computer literacy skills they need to be successful while also introducing the digital platform and tools we utilize (Google Suite and Google Classroom).

Students also participate in academic assessments, such as NWEA, after enrollment. The academic assessments assist faculty and the students to understand the strengths and areas of growth of the student. More importantly, this allows students to be identified to receive remedial support as needed and ensures the courses assigned are accessible to the student. Unlimited free tutoring availability also serves as an intervention for students when they struggle with particular concepts. Together, all early interventions are intended to promote attendance and reduce the likelihood of student dropouts.

To support our students that are not responding to the standard interventions, our school has taken our prior multi-tiered re-engagement strategies and conformed them to fit the requirements of AB 167. When the supervising teacher observes that a student is not meeting the 60% or more level of participation in synchronous instruction or the student has

not met their work completion obligations, our tiered re-engagement process is activated. Our tier 1 reengagement strategy includes additional communication home including a mailed letter requesting a meeting with the student (and parent if student is minor) and our tier 1 reengagement team. This team consists of the supervising teacher, Student Retention Support, student (and parent if student is minor) and a school counselor, school social worker or school psychologist. The two objectives of this meeting are to determine the barriers that are keeping the student from engaging with school through attendance and/or work completion, and based on these findings, strategize on ways to support the “whole” student to overcome or get around these barriers. These barriers can include everything from not being able to access the curriculum to homelessness or even social emotional challenges. The student is then supported and tracked for up to another school month to determine if progress is being made with the strategies in place. If progress is not made, then the student is moved to tier 2 and a second meeting is called. The goals of this meeting are the same as the last along with a need to determine what progress if any was made with the last interventions and an added sense of urgency to determine further causes of disengagement. Another difference is that a school administrator may participate in the

meetings in this tier. Finally, if the student has not shown to make any improvements a tier 3 meeting is called, and this meeting is facilitated by a school administrator. At this point, real consideration is given to the appropriateness of independent study for the student and what the other school options are that might exist to better fit the student’s needs.

Note: The California Department of Education DataQuest system reports four-year cohort graduation and dropout numbers for 2020-2021. The one-year graduation rate is reported through the California School Dashboard and internal student information systems data was used in the chart below, because it was the most recently available source. The school is a Dashboard Alternative School Status (DASS), because the student population served is typically behind in credits. The tables display the most current data available. N/A is displayed when the school is new, or there is no data available to report, because the state did not report their data when this report was published.

Note: The California Department of Education DataQuest system reports the Four-Year Adjusted Cohort Rate (ACGR) for all regular high schools. However, the ACGR is not a match for our school, because we are an approved Dashboard Alternative School Status (DASS). We serve a student population who are typically behind in credits, and not likely to graduate on time in a regular school setting. As a DASS school, we report the one-year graduation rate, which is calculated internally or from the California School Dashboard. The tables display the most current data available. N/A means that data was not available at the time of publication.

Chronic Absenteeism

The current Chronic Absentee rate is not calculated in a manner for non-classroom based DASS programs to reflect the nature of the students served. According to the CDE, students are determined to be chronically absent if they were eligible to be considered chronically absent at the selected level during the academic year and they were absent for 10% or more of the days they were expected to attend. Assurance Learning Academy follows all of the required CA State School Dashboard requirements.

State Priority: School Climate

The SARC provides the following information relevant to the State priority: School Climate (Priority 6):

- Pupil suspension rates;
- Pupil expulsion rates; and
- Other local measures on the sense of safety

Suspensions & Expulsions

The table displays the suspension and expulsion rates at the school and throughout the state. Expulsions occur only when required by law or when all other alternatives are exhausted. Additionally, please note that the suspension and expulsion rate for the state was not available at the time of publication.

TABLE 28: SUSPENSIONS AND EXPULSIONS FOR SCHOOL YEAR 2019-2020 ONLY DATA COLLECTED BETWEEN JULY THROUGH FEBRUARY, PARTIAL SCHOOL YEAR DUE TO THE COVID-19 PANDEMIC		
Rate	School 2019-2020	State 2019-2020
Suspensions	0.07%	2.50%
Expulsions	0.00%	0.05%

Note: The 2019-20 suspensions and expulsions rate data are not comparable to other year data because the 2019-20 school year is a partial school year due to the COVID-19 crisis. As such, it would be inappropriate to make any comparisons in rates of suspensions and expulsions in the 2019-20 school year compared to other school years.

School Safety School Year 2022-2023

Our school Safety Plan consists of our Injury and Illness Prevention Program, Emergency Procedures and Section 4 of our Employee handbook. Sponsoring School Districts ask for these safety programs as part of our charter’s renewal process. We review our School Safety Plans annually and update them if necessary.

The safety of students and staff is a primary concern for the school. Both teachers and administrators supervise the students throughout the school day to ensure a safe and positive learning environment. Both staff and student school IDs are expected to be displayed at all times, and visitor to the sites must register in at the front office to receive appropriate identification badges. The school safety plan was last updated and reviewed with school staff in December 2022.

D. OTHER SARC INFORMATION

The information in this section is required to be in the SARC but is not included in the state priorities for LCFF.

Class Size

Due to the nature of independent study, class size distribution data is unavailable for this school.

Counseling & Support Staff School Year 2021-2022

Assurance Learning Academy seeks to assist students in their social, emotional, and personal development as well as academics. The school provides special attention to students who experience achievement problems, difficulty coping with personal and family problems, trouble with decision making, or handling peer pressure.

School Expenditures Fiscal Year 2020-2021

The table compares a school's per-pupil funding from unrestricted sources with other schools throughout the state. Supplemental/Restricted expenditures come from money whose use is controlled by law or donor. Money designated for specific purposes by the district or governing board is not considered restricted. Basic/Unrestricted expenditures, except for general guidelines, are not controlled by law or donor. The California Department of Education issued guidance regarding calculating school-level per-pupil expenditures.

For detailed information on school expenditures for all districts in California, see the CDE Current Expense of Education & Per-pupil Spending Web page at <http://www.cde.ca.gov/ds/fd/ec/>.

For information on teacher salaries for all districts in California, see the CDE Certificated Salaries & Benefits Web page at <http://www.cde.ca.gov/ds/fd/cs/>.

To look up expenditures and salaries for a specific school district, see the Ed-Data Web site at: <http://www.ed-data.org>.

Professional Development

Assurance Learning Academy's certificated staff members and administrators participate in ongoing professional development to improve its curriculum and delivery of instruction. Professional development sessions are held every four weeks throughout the school year and focus on a wide variety of topics aimed at strengthening pedagogy, content knowledge, and instructional agility of staff to meet the needs of the school's diverse learners.

Special emphasis is EdTech, Social Emotional Learning and Restorative Practices, Multi-tiered Systems of Support and RTI, and building capacity for collaboration across departments to support individualized learning plans and whole-child care.

The Leadership Team identifies school-wide focuses for its campuses each year for professional development and take the lead in conducting or organizing large and small group staff development opportunities and ongoing instructional coaching to its teachers aimed at the school needs. Topics covered through professional developments are based on the needs of the school, suggestions made by the school staff through department meetings and/or staff surveys, and through the collection and analysis of data indicating school needs and/or needed changes. Newly hired teachers are partnered with existing teachers for a minimum of 8 weeks and participate in a required on the job training for the purpose of familiarizing them to our program and mission of the school.

Assurance Learning Academy also provides Induction training to its preliminary credentialed teachers through its partnership with Riverside County Office of Education. Participating teachers are assigned a support provider from their assigned site and participate in all required Induction activities. The school's special education teachers receive annual training on new procedures and processes, as well as effective instructional strategies for improving academic achievement. In addition to ongoing professional development opportunities offered locally, staff also participates in the California Charter Schools Association's annual CCSA Conferences, annual A-plus+ conferences, and other conferences sponsored by local county offices of education.
